

3 Courses

Introduction to the Biology  
of Cancer

Understanding Cancer  
Metastasis

Understanding Prostate  
Cancer

Oct 11, 2025

**Huy Thái Trần**

has successfully completed the online Specialization

## Cancer Biology

Congratulations! You have completed all three courses of Cancer Biology - a Johns Hopkins University Specialization. As part of this Specialization, you have learned the essential skills and concepts of cancer biology, including an introduction to cancer, cancer metastasis, and prostate cancer risk factors. You are now equipped to apply a deeper understanding of cancer biology in your work, having learnt about the theories of metastasis, cancer staging and treatment, current prostate cancer screening guidelines and treatments, and much more!

Haley Axelrod  
Graduate Student  
Department of Urology

Jelani Zarif  
Postdoctoral Fellow  
Brady Urological  
Institute

Kenneth J. Pienta, M.D.  
The Donald S. Coffey  
Professor of Urology  
Professor of Oncology  
The James Buchanan  
Brady Urological  
Institute  
The Johns Hopkins  
University School of  
Medicine

Kenneth Valkenburg  
Fellowship Recipient  
Department of Urology

Sarah Amend  
Postdoctoral Research  
Fellow  
The James Buchanan  
Brady Urological  
Institute

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
